

Automotive Aerospace Turning Milling CNC Parts Customized

Basic Information

- Place of Origin:
- Brand Name:
- Certification: 1
- Model Number: ywy123
- Minimum Order
 Quantity:
- Price: USD 3.88-32.88 1 Perch/Perches

ywy

- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram

guangdonghuizhou

1 Perch/Perches

Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

| • Size: | Customized | |
|--|---|--|
| Processing Method: | CNC Machining, Turning, Milling, Etc. | |
| Application: | Automotive, Aerospace, Medical, Etc. | |
| Packaging: | Standard Export Carton Or Customized | |
| Delivery Method: | DHL, FedEx, UPS, Etc. | |
| Lead Time: | 7-15 Days | |
| • MOQ: | 1 Piece | |
| • OEM/ODM: | Acceptable | |
| Highlight: | CNC Parts Customized, Milling CNC Parts | |

Product Description:

CNC Machined Parts are precision parts produced by numerically-controlled machining processes. They are computer-numericallycontrolled parts that are machined by computerized numerical cutting machines. The machining process is highly automated and the parts are produced with high accuracy and repeatability. High-precision CNC machining can achieve a tolerance of ±0.01mm. The surface treatment of CNC machined parts can be anodizing, plating, painting and other surface treatments according to customer requirements. Quality control is one of the most important aspects of CNC machining, and all parts are 100% inspected before shipment. CNC machined parts can be processed by CNC machining, turning, milling, and other processes. Delivery of CNC machined parts can be done by DHL, FedEx, UPS, and other carriers. The drawing format can be PDF, DWG, IGS, STEP, and other formats.

Features:

Product Name: CNC Machined Parts Processing Method: CNC Machining, Turning, Milling, Etc. Quality Control: 100% Inspection Before Shipment MOQ: 1 Piece OEM/ODM: Acceptable Lead Time: 7-15 Days Specialized in Computerized machining parts Manufacturing CNC-manufactured components Processing CNC-processed parts

Technical Parameters:

| Parameter | Description |
|-------------------|---|
| MOQ | 1 Piece |
| Processing Method | CNC Machining, Turning, Milling, Etc. |
| Quality Control | 100% Inspection Before Shipment |
| Tolerance | ±0.01mm |
| Application | Automotive, Aerospace, Medical, Etc. |
| Drawing Format | PDF, DWG, IGS, STEP, Etc. |
| Lead Time | 7-15 Days |
| Surface Treatment | Anodizing, Plating, Painting, Etc. |
| Size | Customized |
| Packaging | Standard Export Carton Or Customized |
| Keywords | Computerized Numerical Cutting parts, Precision machined parts, CNC-machined components |

Applications:

Yuanwenyu CNC machined parts are computer-aided, computer-controlled and numerically-controlled machining parts with precision tolerance of ± 0.01 mm, widely used in various industries such as automotive, aerospace, medical, etc. These parts have brand name of Yuanwenyu, model number of 1X893, OEM, certification, minimum order quantity of 50 pieces, price of \$2.35 to \$12.68 per pieces and supply ability of one million pieces per month. The packaging is usually standard export carton or customized, and the lead time is 7 to 15 days.

These CNC machined parts can be used for a variety of applications and projects. In automotive industry, they can be used for manufacturing engine components, transmission parts, suspension systems, etc. In medical industry, they can be used for making surgical instruments, orthopedic implants, prosthetics, etc. In aerospace industry, they can be used for making aircraft components, avionics, etc.

Yuanwenyu CNC machined parts are available in a variety of surface treatments such as anodizing, plating, painting, etc. With these treatments, the parts are able to meet even the most stringent application requirements. All the parts are manufactured under strict quality control system, and the packaging is done with EPE foam, anti-rust paper, stretch film and plastic bag in the carton. With these features, these parts are reliable and durable.

Customized CNC Machined Parts Brand Name: yuanwenyu Model Number: 1X893, OEM Place of Origin: Guangdong, China Certification: 1 Minimum Order Quantity: 50 pieces Price: \$2.35 - \$12.68/pieces Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton Delivery Time: 1 Payment Terms: 1 Supply Ability: 1000000 Piece/Pieces per Month Delivery Method: DHL, FedEx, UPS, Etc. Surface Treatment: Anodizing, Plating, Painting, Etc. Packaging: Standard Export Carton Or Customized Tolerance: ±0.01mm Processing Method: CNC Machining, Turning, Milling, Etc. We specialize in providing customized CNC machined parts with computerized machining, computer-aided machining and computeraided manufacturing processes. Our CNC machined parts are of high precision and quality, and have great tolerance levels of ±0.01mm. We are committed to providing the best service for our customers with a wide range of surface treatments, packaging and delivery methods. We guarantee fast delivery with our reliable delivery services and competitive price.

Support and Services:

CNC Machined Parts Technical Support and Service We provide technical support and service for CNC machined parts, including: Design and engineering advice CAD/CAM support Tooling, fixtures, and other machining aids Process optimization Troubleshooting Quality control and assurance Our experienced staff are available to assist you with any questions or concerns you may have about CNC machined parts and their applications.

Packing and Shipping:

Packaging and Shipping for CNC Machined Parts: The parts will be securely wrapped in bubble wrap and placed in a protective cardboard box. The box will be labeled with the customer's name and address to ensure that the parts reach the correct destination. The parts will then be shipped with a reliable courier service.

FAQ:

Q1: What is CNC Machined Parts?

A1: CNC Machined Parts are precision parts manufactured by CNC (Computer Numerical Control) machines. Q2: What is the Brand Name for CNC Machined Parts?

A2: The Brand Name for CNC Machined Parts is yuanwenyu. Q3: What is the Model Number for CNC Machined Parts?

A3: The Model Number for CNC Machined Parts is 1X893, OEM. Q4: Where is CNC Machined Parts manufactured?

A4: CNC Machined Parts are manufactured in Guangdong, China. Q5: What is the minimum order quantity for CNC Machined Parts? A5: The minimum order quantity for CNC Machined Parts is 50 pieces.
