Customized CNC Machined Parts OEM ODM Acceptable ±0.01mm Tolerance

Basic Information

- Place of Origin:
- Brand Name:
- Certification: 1
- Model Number: ywy123
- Minimum Order
 Quantity:
- Price: USD 3.88-32.88 1 Perch/PerchesPackaging Details: Carton packaging and blister box

ywy

- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram

guangdonghuizhou

1 Perch/Perches

Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

• Tolerance:	±0.01mm
Quality Control:	100% Inspection Before Shipment
• Size:	Customized
Material:	Aluminum, Steel, Brass, Etc.
Processing Method:	CNC Machining, Turning, Milling, Etc.
Packaging:	Standard Export Carton Or Customized
Surface Treatment:	Anodizing, Plating, Painting, Etc.
• OEM/ODM:	Acceptable
Highlight:	0.01mm CNC Machined Parts, ODM CNC Machined Parts

Product Description

Product Description:

CNC Machined Parts are computer-aided manufacturing parts and computer-aided machining parts that are manufactured using advanced CNC technology. Made from a range of materials including aluminum, steel, brass and other metals, CNC machined parts are perfect for applications in the automotive, aerospace and medical industries. Each part is machined to high precision and tight tolerance levels, ranging from ±0.01mm. Various surface treatments such as anodizing, plating and painting are also available to meet customers' needs. Customers can send us drawings in popular formats such as PDF, DWG, IGS and STEP. CNC Machined Parts are an ideal solution for complex, high precision components.

Features:

Product Name: CNC Machined Parts Size: Customized MOQ: 1 Piece Delivery Method: DHL, FedEx, UPS, Etc. Processing Method: CNC Machining, Turning, Milling, Etc. Material: Aluminum, Steel, Brass, Etc. Special Features: CNC-machined components, Computer-controlled machining parts

Technical Parameters:

Parameters	Details
Size	Customized
Delivery Method	DHL, FedEx, UPS, Etc.
Packaging	Standard Export Carton Or Customized
Material	Aluminum, Steel, Brass, Etc.
Processing Method	CNC Machining, Turning, Milling, Etc.
Quality Control	100% Inspection Before Shipment
Lead Time	7-15 Days
OEM/ODM	Acceptable
Drawing Format	PDF, DWG, IGS, STEP, Etc.
Surface Treatment	Anodizing, Plating, Painting, Etc.
Keyword	Numerically-controlled machining parts, Computerized machining parts, Numerically-controlled machining parts

Applications:

Yuanwenyu CNC Machined Parts are precisely machined components that are designed for a variety of industrial applications, such as automotive, aerospace, medical, etc. Our CNC machined parts are manufactured using state-of-the-art computer-numerically-controlled (CNC) machines that are capable of producing parts with superior accuracy and high repeatability. Our CNC machined parts are available in a variety of materials, such as aluminum, steel, brass, etc., and can be customized to meet your exact specifications. Our parts go through a rigorous quality control process to ensure that they meet the highest standards of quality. We also offer a wide range of surface treatments, such as anodizing, plating, painting, etc. to enhance the durability and aesthetics of the parts. With our competitive prices and fast delivery times, you can be sure that your CNC machined parts will be delivered on time and within your budget. Our minimum order quantity is 1 piece, and we are able to fulfill orders of up to 1000000 pieces per month. Contact us today to learn more about our CNC machined parts production services.

Support and Services:

CNC Machined Parts Technical Support and Service

Technical Support: Our technical team is always available to provide assistance with your CNC machined parts. We can help with part design, material selection, machining processes, tooling, and assembly. Our team is knowledgeable and experienced in all aspects of CNC machining and can provide advice and guidance to help you get the most out of your machined parts. Service: We provide prompt and reliable services for all of your CNC machined parts. We offer a wide range of services, including part design, material selection, machining processes, tooling, and assembly. Our team will ensure that all of your needs are met and that your parts are made to the highest standards. We take pride in our quality and customer service, and we guarantee that you will be satisfied with our services.
