

## Aluminum Alloy Die Casting Components Electronics

Our Product Introduction

for more products please visit us on [precision-cncparts.com](http://precision-cncparts.com)

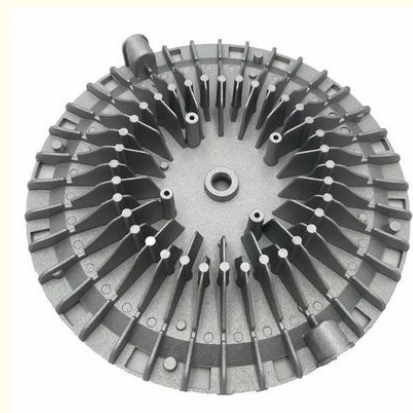

### Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

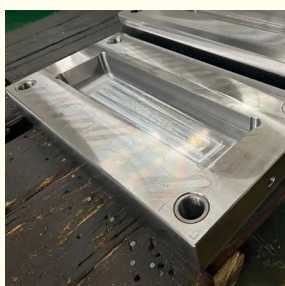

### Product Specification

- Surface Finish: Polishing, Anodizing, Plating, Painting, Etc.
- Size: Customized
- Material: Aluminum, Zinc, Magnesium, Copper, Etc.
- Application: Automotive, Electronics, Industrial, Etc.
- Weight: 0.1-50kg
- Package: Wooden Case/Pallet
- Tolerance:  $\pm 0.01\text{mm}$
- Lead Time: 7-15 Days
- Highlight: **Aluminum Alloy Die Casting Components, Electronics Die Casting Components**

## Product Description

### Product Description:

Die Casting Components are components made through die casting process, which is often used to produce parts with complex shapes. These components are widely used in many industries, such as automotive, medical and aerospace. We offer gravity castings, magnesium alloy castings, die casting molds and aluminum alloy castings. With our advanced equipment and experienced workers, we are able to provide parts with precision tolerance of  $\pm 0.01\text{mm}$ . There is a variety of surface finish available, such as polishing, anodizing, plating and painting. We guarantee the mold life of 50,000-1,000,000 shots. We also provide other processing services, such as CNC machining. We offer shipping services by sea, air and express. With our quality products and professional services, we are confident to provide you the best value.

### Technical Parameters:

Attribute	Value
Application	Automotive, Electronics, Industrial, Etc.
Shipping	By Sea/Air/Express
Pressure	0-500T
Surface Finish	Polishing, Anodizing, Plating, Painting, Etc.
Processing	Die Casting, CNC Machining, Etc.
Lead Time	7-15 Days
Payment	T/T, L/C, PayPal, Etc.
Size	Customized
Tolerance	$\pm 0.01\text{mm}$
Weight	0.1-50kg
Material	Magnesium Alloy Castings, Magnesium Alloy Castings, Zinc Alloy Castings, Aluminum Alloy Castings

### Applications:

Ywy die casting components provide precision parts and components for a wide range of industrial and commercial applications. With a brand name of ywy and a model number of ywy444, they are made with high quality materials and come in a variety of sizes that can be customized to your exact needs. The die casting components are designed to be extremely durable and deliver exceptional performance, and the mold life is from 50,000-1,000,000 shots. The process used to make these components includes die casting, gravity casting, high-pressure die casting, low-pressure die casting, machining and surface treatments. With these components, applications in automotive, electronics and industrial sectors are possible. Payment terms include T/T, L/C, Paypal, etc.

### Customization:

Die Casting Components Customized Services By Ywy

**Brand Name:** Ywy

**Model Number:** Ywy444

**Place of Origin:** Guangdonghuizhou

**Processing:** Die Casting, CNC Machining, Sand Castings, Magnesium Alloy Castings, Lost Wax Castings, Etc.

**Size:** Customized

**Design:** 3D/2D Drawing

**Pressure:** 0-500T

**Package:** Wooden Case/Pallet

### Support and Services:

Die Casting Components Technical Support and Service

We offer technical support and service for our Die Casting Components products. Our experienced team of engineers can help you with a wide range of services, from designing and developing components, to troubleshooting and providing technical support.

We understand the importance of keeping your Die Casting Components operating properly and efficiently, so our support team is available to answer questions and provide guidance. We also offer on-site troubleshooting and support, as well as online technical support.

Our team of experts is always available to answer questions and provide guidance. We'll work with you to ensure your Die Casting Components are running properly and efficiently.

## FAQ:

**Q1:** What is the brand name of the Die Casting Components?

**A1:** The brand name of the Die Casting Components is ywy.

**Q2:** What is the model number of the Die Casting Components?

**A2:** The model number of the Die Casting Components is ywy444.

**Q3:** Where is the place of origin of the Die Casting Components?

**A3:** The place of origin of the Die Casting Components is Guangdong, Huizhou.

**Q4:** What materials are used in the Die Casting Components?

**A4:** The Die Casting Components are made of aluminum, zinc, brass, steel and other materials.

**Q5:** What is the production process of the Die Casting Components?

**A5:** The production process of the Die Casting Components includes die casting, machining, polishing, sandblasting, etc.
