# Machining CNC Titanium Parts Components ±0.01mm Tolerance

## **Basic Information**

- Place of Origin:
- Brand Name: ywy
- Model Number:
- Minimum Order
  Quantity:
- Price: USD 3.88-32.88 1 Perch/Perches

ywy123

- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram

guangdonghuizhou

1 Perch/Perches

Supply Ability: 1000 Perch/Perches 10-15work days

## **Product Specification**

Packaging:	Carton/Wooden Case
Payment Term:	T/T, Paypal, Western Union
• Size:	Customized
Tolerance:	±0.01mm
Processing Method:	CNC Machining
Material:	Titanium
Application:	Industrial, Medical, Aerospace, Etc.
Drawing Format:	PDF/DWG/IGS/STP/X_T
Highlight:	Machining CNC Titanium Parts, Industrial CNC Titanium Parts

#### **Product Description:**

We specialize in CNC Titanium Parts machining and offer a full range of services for both small and large projects. Our advanced machining capabilities enable us to produce parts with close tolerances and excellent surface finishes. All CNC machined Titanium components are manufactured in accordance with industry standards, using the highest quality Titanium materials. Our experienced and skilled technicians are able to meet all of your CNC machining needs for Titanium parts. We provide a variety of surface treatments for Titanium CNC components, including polishing, anodizing, electroplating, and sandblasting. We also offer a range of packaging options, from carton to wooden cases, to ensure safe delivery of your CNC Titanium Parts. Our drawing formats include PDF/DWG/IGS/STP/X\_T with a tolerance of ±0.01mm. We are dedicated to providing you with the best quality Titanium CNC Parts and superior customer service.

## **Technical Parameters:**

Attributes	Details
Size	Customized
Service	OEM/ODM
Material	Titanium
Tolerance	±0.01mm
Processing Method	CNC Machining
Payment Term	T/T, Paypal, Western Union
Surface Treatment	Polishing
Application	Industrial, Medical, Aerospace, Etc.
Heat Treatment	Annealing/Normalizing
Drawing Format	PDF/DWG/IGS/STP/X_T

## **Applications:**

YWY provides CNC Titanium Parts with superior quality and performance. Our titanium machined components are manufactured using advanced CNC machining technologies to produce precision parts for a wide range of industrial, medical, aerospace and other applications. The titanium components are available in different sizes and shapes and can be customized according to the customer's specific requirements. The parts are made from superior quality titanium material and finished with a high-grade polishing surface treatment. Our CNC titanium components are designed to deliver reliable performance and increased durability. We offer competitive prices, fast delivery and secure payment options including T/T, Paypal, and Western Union. Our titanium CNC components are the perfect choice for a variety of applications and provide superior performance.

#### **Customization:**

Customized CNC Titanium Parts by Ywy

Brand Name: Ywy

Model Number: CNC505

Place of Origin: Guangdong, Huizhou

Application: Industrial, Medical, Aerospace, Etc.

Inspection: 100% inspection

Tolerance: ±0.01mm

Material: Titanium

Size: Customized

We specialize in CNC machined titanium components, titanium CNC components, and titanium CNC parts. Our products are manufactured with the highest quality materials and precision machining techniques, ensuring the best performance and precision for our customers. We have many years of experience in manufacturing CNC titanium parts, and we guarantee 100% inspection and accuracy to meet our customer's needs.

#### Support and Services:

CNC Titanium Parts Technical Support and Service

We provide comprehensive technical support and service for CNC titanium parts. Our team of experts is available to answer any questions you may have and provide assistance with installation, technical support, and product maintenance. We offer a variety of support options, including telephone, email, and live chat.

We also provide comprehensive documentation and online tutorials to help customers understand how to use our products. Our online resources are available at any time, and our customer service team is available to answer questions and provide additional assistance. We also offer a comprehensive warranty for our CNC titanium parts. If you experience any issues with your product, our team is available to troubleshoot and help you find a solution. We take pride in our products and strive to provide the highest quality experience.

## **Packing and Shipping:**

Packaging and Shipping of CNC Titanium Parts

CNC Titanium Parts are packaged and shipped in accordance with the following procedures:

The parts are wrapped in anti-static plastic sheeting and stored in their original packaging.

The parts are placed in sturdy cardboard boxes or wooden crates.

The packages are labeled with product information and addressed to the customer.

The packages are sealed securely and shipped via a reliable shipping provider.
