

## HASCO Custom Injection Molding $\pm 0.05\text{mm}$ Tolerance 1000 Shots Mold Life

### Our Product Introduction

for more products please visit us on [precision-cncparts.com](http://precision-cncparts.com)

#### Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

#### Product Specification

- Process: Injection Molding, Overmolding, Insert Molding, Etc.
- Lead Time: 3-4 Weeks
- Mold Base: LKM, HASCO, DME, Etc.
- Tolerance:  $\pm 0.05\text{mm}$
- Cavity: Single Or Multi-Cavity
- Equipment: CNC, EDM, Wire-Cutting, Etc.
- Size: Max. Mold Size: 1500 X 1200mm
- Material: ABS, PC, PP, PA, POM, Etc.
- Highlight: **HASCO Custom Injection Molding ,  
LKM Custom Injection Molding**

## Product Description

### Product Description:

Our process injection molding services offer customers the advantages of producing components with precision, complex geometries, and high repeatability. Our injection molding service provider has the capability to produce single or multi-cavity molds with a maximum mold weight of 10,000 kg and maximum mold size of 1500 x 1200 mm. We are capable of producing components using various materials, such as ABS, PC, PP, PA, and POM. Our services can also include various surface finishes such as polishing, texturing, and painting. We are a one-stop injection molding service provider, providing customers with the highest quality and cost-effective solutions. We are committed to providing our customers with the best injection molding services, allowing them to enjoy the advantages brought by process injection molding.

### Features:

**Molding Injection Service:** CNC, EDM, Wire-Cutting, Etc., Max. Mold Size: 1500 X 1200mm, Max. Mold Weight: 10,000kg

**Injection Molding Service:** CNC, EDM, Wire-Cutting, Etc., Max. Mold Size: 1500 X 1200mm, Max. Mold Weight: 10,000kg

**Injection Plastic Molding Service:** CNC, EDM, Wire-Cutting, Etc., Max. Mold Size: 1500 X 1200mm, Max. Mold Weight: 10,000kg, UG, Pro/E, SolidWorks, Etc.

### Technical Parameters:

| Property     | Description                                          |
|--------------|------------------------------------------------------|
| Size         | Max. Mold Size: 1500 X 1200mm                        |
| Tolerance    | ±0.05mm                                              |
| Software     | UG, Pro/E, SolidWorks, Etc.                          |
| Process      | Injection Molding, Overmolding, Insert Molding, Etc. |
| Mold Base    | LKM, HASCO, DME, Etc.                                |
| Cavity       | Single Or Multi-Cavity                               |
| Weight       | Max. Mold Weight: 10,000kg                           |
| Service Type | Injection Molding Services                           |
| Lead Time    | 3-4 Weeks                                            |
| Material     | ABS, PC, PP, PA, POM, Etc.                           |

### Applications:

Ywy Injection Molding Services are perfect for all your needs related to injection molding process. Our brand is known for providing the best injection service molding and molding process injection. We are committed to delivering high-quality products with lead time of 3-4 weeks. Our molding process is flexible and reliable with maximum mold size of 1500 X 1200mm. Our injection molding services are ideal for producing parts with ABS, PC, PP, PA, POM and other materials. We also provide additional services like polishing, texturing, painting and other custom finishes.

Ywy has been in the market for years, and our injection molding services have helped countless customers achieve quick turnaround times and superior quality products. We are proud of our reputation for consistent quality and reliable performance. Our injection service molding process is reliable and efficient, and our team of expert technicians can provide personalized solutions for any customer requirements.

With Ywy Injection Molding Services, you get the best of both worlds: speed and quality. We are dedicated to providing superior quality products and services at competitive prices. Our molding process injection is designed to meet the most stringent quality standards and our team of experts are always available to help with any questions or concerns. Whether you need injection molding services for small or large parts, Ywy has you covered.

### Customization:

Injection Molding Services

Brand Name: ywy

Model Number: ywy333

Place of Origin: guangdonghuizhou

Software: UG, Pro/E, SolidWorks, Etc.

Weight: Max. Mold Weight: 10,000kg

Cavity: Single Or Multi-Cavity

Mold Base: LKM, HASCO, DME, Etc.

Service Type: Injection Molding Services

Ywy offers professional **Injection Service Molding** and **Process Injection Molding** services to meet your needs. Our **Injection Molding Services** produces parts with high quality, precision, and accuracy. We use top-of-the-line equipment and advanced software to provide

you with the best results.

**Packing and Shipping:**

Injection Molding Services Packaging and Shipping:  
All products are packaged with care using plastic wrap, bubble wrap, and other protective materials. All shipments are made with one of our trusted carriers, and are insured in the event of loss or damage during transit.

**Huizhou City Yuan Wenyu Precision Parts Co., Ltd.**
