

## Precision Custom CNC Machined Metal Parts Aluminum Steel Brass Components OEM/ODM Accepted

### Our Product Introduction

#### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

#### Product Specification

- OEM/ODM: Acceptable
- Tolerance:  $\pm 0.01\text{mm}$
- Delivery Method: DHL, FedEx, UPS, Etc.
- Material: Aluminum, Steel, Brass, Etc.
- Drawing Format: PDF, DWG, IGS, STEP, Etc.
- Packaging: Standard Export Carton Or Customized
- Quality Control: 100% Inspection Before Shipment
- Processing Method: CNC Machining, Turning, Milling, Etc.
- Highlight: **Steel CNC Machined Metal Parts,**  
**ODM CNC Machined Metal Parts,**  
**Precision CNC Machined Metal Parts**

## Product Description

### Product Description:

Our CNC machined parts are suitable for a wide range of applications, including the automotive, aerospace, and medical industries. The high level of accuracy and precision that can be achieved through CNC machining ensures that our components meet the strict requirements of these industries.

We understand the importance of timely delivery, which is why we offer a lead time of 7-15 days for our CNC machined parts. This ensures that our customers receive their orders promptly and can continue with their own production processes without delay.

To ensure that our CNC machined parts arrive at their destination safely and in perfect condition, we use standard export cartons for packaging. However, customized packaging can also be arranged upon request.

Our CNC machined parts are available in custom sizes to meet the specific needs of our customers. We can produce components in a wide range of sizes and shapes to suit any application.

### Features:

Product Name: CNC Machined Parts

Tolerance:  $\pm 0.01\text{mm}$

Lead Time: 7-15 Days

Application: Automotive, Aerospace, Medical, Etc.

Surface Treatment: Anodizing, Plating, Painting, Etc.

OEM/ODM: Acceptable

Precision machined parts

Computer-controlled machining parts

### Technical Parameters:

Technical Parameters	Details
Processing Method	CNC Machining, Turning, Milling, Etc.
Application	Automotive, Aerospace, Medical, Etc.
Lead Time	7-15 Days
OEM/ODM	Acceptable
Tolerance	$\pm 0.01\text{mm}$
MOQ	1 Piece
Delivery Method	DHL, FedEx, UPS, Etc.
Packaging	Standard Export Carton Or Customized
Quality Control	100% Inspection Before Shipment
Drawing Format	PDF, DWG, IGS, STEP, Etc.

### Applications:

These CNC machined parts are suitable for a wide range of product application occasions and scenarios. They are commonly used in the automotive industry, aerospace industry, medical industry, and many other industries. The parts can be used in engine components, transmission components, suspension components, and more in the automotive industry. In the aerospace industry, they can be used in landing gear, actuators, and more. In the medical industry, they can be used in surgical instruments, prosthetics, and more.

Yuanwenyu's CNC machined parts are available in customized sizes, making them suitable for a variety of applications. They are also available in OEM models, making them perfect for companies looking for unique and specialized parts. With a minimum order quantity of 50 pieces and a price range of \$2.35 - \$12.68 per piece, these parts are affordable and accessible to many businesses.

The packaging details for these parts are comprehensive and include EPE foam, anti-rust paper, stretch film, plastic bag, and carton. This ensures that the parts are protected during shipping and handling. The delivery time is fast, and the parts can be delivered using DHL, FedEx, UPS, and other delivery methods. Payment terms are flexible, and supply ability is high, with 1000000 pieces per month.

In conclusion, Yuanwenyu's CNC machined parts are versatile, reliable, and high-quality. They are perfect for various industries and applications, and their customization options and affordable pricing make them accessible to many businesses. Whether you need precision machined parts for the automotive industry, aerospace industry, medical industry, or any other industry, Yuanwenyu's CNC machined parts are an excellent choice.

### Customization:

Looking for high-quality CNC machined parts for your automotive, aerospace, medical, or other applications? Look no further than Yuanwenyu, your trusted source for precision machined parts.

Our computerized machining parts, also known as Computerized Numerical Cutting parts, are made with the highest level of accuracy and precision. With a tolerance of  $\pm 0.01\text{mm}$ , you can trust that our parts will meet your exact specifications.

Our CNC machining, turning, milling, and other processing methods ensure that your parts are made with the utmost care and attention to detail. And with a supply ability of 1000000 Piece/Pieces per Month, we can handle any order size. We offer customization services to meet your specific needs, with minimum order quantities of 50 pieces. Our packaging details include EPE foam, Anti-Rust Paper, Stretch Film, Plastic bag +Carton to ensure safe delivery. Choose from our range of models, including the 1X893 and OEM models, all made in Guangdong, China. Our parts are certified and come with fast delivery times of just 7-15 days, shipped via DHL, FedEx, UPS, and other trusted delivery methods. Don't settle for less when it comes to precision machined parts. Trust yuanwenyu for all your CNC machined part needs.

Certification: 1  
Price: \$2.35 - \$12.68/piece  
Delivery Time: 1  
Payment Terms: 1  
Lead Time: 7-15 Days  
Application: Automotive, Aerospace, Medical, Etc.

## Support and Services:

Our CNC machined parts are designed and manufactured with the highest standards of precision and accuracy. We offer comprehensive technical support and services to ensure that our customers get the most out of our products. Some of the services we offer include:

Design consultation and engineering support

Prototype development and testing

Quality control and inspection

Customized packaging and shipping solutions

On-site installation and training

Repair and maintenance services

We pride ourselves on our commitment to customer satisfaction and our ability to provide reliable and efficient technical support and services. Contact us today to learn more about how we can help your business succeed with our CNC machined parts.
