

Brass CNC Machined Parts With Anodized Finish Precision Metal Components

Our Product Introduction

For more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

Product Specification

- Delivery Method: DHL, FedEx, UPS, Etc.
- Packaging: Standard Export Carton Or Customized
- Size: Customized
- Surface Treatment: Anodizing, Plating, Painting, Etc.
- Material: Aluminum, Steel, Brass, Etc.
- Lead Time: 7-15 Days
- Application: Automotive, Aerospace, Medical, Etc.
- Tolerance: $\pm 0.01\text{mm}$
- Highlight: Precision CNC Machined Parts,
Anodized Finish CNC Machined Parts,
Brass CNC Machined Parts

Product Description

Product Description:

Our CNC-manufactured components are made using computer-numerically-controlled technology that allows for precise and efficient machining of parts. This technology ensures that each part is produced to exact specifications, which means that our customers can rely on consistent quality and performance from every component.

Our Numerically-controlled machining parts are made from a variety of materials, including aluminum, steel, brass, and more. This allows us to offer a wide range of components that can be used in virtually any application.

When it comes to packaging, we offer both standard export cartons and customized packaging options to meet the unique needs of each customer. We understand that every order is different, which is why we offer flexible packaging options to ensure that your parts arrive safely and securely.

At our company, quality control is a top priority. We perform 100% inspection of each part before shipment to ensure that it meets our high standards of precision and accuracy. This means that our customers can trust that they are receiving high-quality components that will perform reliably in their applications.

When it comes to lead time, we understand that our customers need their components fast. That's why we offer a lead time of 7-15 days, ensuring that your parts will be delivered quickly and efficiently.

Finally, we understand that not every customer needs to place a large order. That's why we offer a low MOQ of just 1 piece, making it easy for our customers to order the exact number of components that they need.

Features:

Product Name: CNC Machined Parts

Lead Time: 7-15 Days

Processing Method: CNC Machining, Turning, Milling, Etc.

Surface Treatment: Anodizing, Plating, Painting, Etc.

MOQ: 1 Piece

OEM/ODM: Acceptable

This product provides computer-aided manufacturing parts, computerized machining parts, and CNC-manufactured components for a variety of applications.

Technical Parameters:

Quality Control	100% Inspection Before Shipment
Drawing Format	PDF, DWG, IGS, STEP, Etc.
OEM/ODM	Acceptable
Lead Time	7-15 Days
Material	Aluminum, Steel, Brass, Etc.
Delivery Method	DHL, FedEx, UPS, Etc.
Tolerance	±0.01mm
Surface Treatment	Anodizing, Plating, Painting, Etc.
Application	Automotive, Aerospace, Medical, Etc.
MOQ	1 Piece

These technical parameters are for Computer-aided manufacturing parts, Computer-aided manufacturing parts, Computer-Numerically-Controlled parts.

Applications:

Customization:

Our yuanwenyu brand offers customization services for CNC-machined components. Our model number includes 1X893 and OEM, and our products are manufactured in Guangdong, China. We are certified and have a minimum order quantity of 50 pieces. Our prices range from \$2.35 to \$12.68 per piece.

Our packaging details include EPE foam, anti-rust paper, stretch film, plastic bag + carton. We can deliver your order to you within 1 delivery time and offer payment terms that suit your needs. We have a supply ability of 1000000 Piece/Pieces per Month and deliver through courier services like DHL, FedEx, UPS, etc. Our packaging is standard export carton or customized to suit your needs. We accept OEM/ODM orders and have a minimum order quantity of 1 piece.

Our CNC-machined components are applicable in various industries like automotive, aerospace, medical, etc. Our computer-aided machining parts are manufactured with precision and accuracy using computerized numerical cutting parts. Trust us for your CNC-machined components needs.

Support and Services:

Our CNC Machined Parts product comes with comprehensive technical support and services to ensure you have a smooth experience from start to finish.

We offer:

Expert advice on product selection and customization

Assistance with installation and setup

Training for operators and maintenance staff

Onsite or remote troubleshooting and repairs

Regular maintenance and servicing to ensure optimal performance and longevity

Upgrades and retrofits to keep your equipment up to date with the latest technology and industry standards

Our team of highly skilled technicians and engineers are available to assist you with any technical issues or questions you may have. We are committed to providing the highest level of support and service to our customers.
