Applications:

As a versatile product, the CNC Wood Parts from ywy can be used in a variety of applications. They are perfect for creating unique furniture pieces, such as chairs, tables, and bookshelves. With the ability to be cut to exact specifications, these parts can be used to create intricate designs and patterns that are sure to impress.

In addition to furniture, the CNC Wood Parts are also great for home decoration projects. Whether you want to create a unique wall hanging, picture frame, or even a clock, these wooden computer cut parts can be used to create a one-of-a-kind piece that is sure to be a conversation starter.

One of the best things about the ywy CNC Wood Parts is that they are available for OEM and ODM orders, meaning that they can be customized to fit your specific needs. Whether you need a specific size or shape, or you want to add a special finish such as painting or polishing, these parts can be tailored to fit your exact specifications.

When it comes to packaging, ywy offers a variety of options to ensure that your CNC Wood Parts arrive in the best possible condition. Whether you prefer cartons or wooden pallets, the team at ywy will work with you to find the best packaging solution for your needs.

In summary, if you're looking for high-quality CNC Wood Parts for your furniture or home decoration projects, look no further than ywy's CNC707. These computer numerical cut parts are made of top-quality wood and can be customized to fit your specific needs. With a variety of surface treatments available and a range of packaging options to choose from, you can be sure that your order will arrive exactly as you need it.

Customization:

Our lead times for customization range between 7-15 days, depending on the complexity of the design. We also offer a variety of surface treatments including painting, polishing, and more to give your product a unique finish.

Support and Services:

Packing and Shipping:

Product Packaging:

All CNC wood parts will be securely packaged in boxes with appropriate cushioning materials to prevent any damage during shipping.

The boxes will be labeled with the product name, quantity, and any special handling instructions if necessary.

Each package will also include an itemized packing slip for easy identification and inventory management.

Shipping:

We offer several shipping options, including standard ground shipping, expedited shipping, and international shipping.

Shipping rates will vary depending on the destination and selected shipping method.

Once an order is placed, we will provide a tracking number so customers can track their shipment online.

Please note that shipping times may vary based on the selected shipping method and destination.
