

Automotive Grade Custom CNC Machined Components with 100% Pre Shipment Inspection and Aluminum Material

Our Product Introduction

For more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

Product Specification

- Delivery Method: DHL, FedEx, UPS, Etc.
- Application: Automotive, Aerospace, Medical, Etc.
- OEM/ODM: Acceptable
- Packaging: Standard Export Carton Or Customized
- Processing Method: CNC Machining, Turning, Milling, Etc.
- Material: Aluminum, Steel, Brass, Etc.
- Quality Control: 100% Inspection Before Shipment
- Tolerance: $\pm 0.01\text{mm}$
- Highlight: **Automotive Grade CNC Machined Components, Aluminum CNC Machined Components, Custom CNC Machined Components**

Product Description

Product Description:

At our state-of-the-art facility, we use the latest in computerized numerical cutting technology to produce precision parts with a tolerance of $\pm 0.01\text{mm}$. Our team of skilled machinists is committed to producing top-quality parts with a fast turnaround time. With a lead time of just 7-15 days, you can count on us to meet your deadlines and exceed your expectations.

In addition to our cutting-edge technology and fast turnaround times, we are committed to quality control. Every one of our CNC machined parts undergoes 100% inspection before shipment, ensuring that you receive only the best components for your application. Whether you need CNC machined parts for aerospace, medical, automotive, or any other industry, we have the expertise and technology to meet your needs. Contact us today to learn more about our capabilities and how we can help you achieve your goals.

Features:

Product Name: CNC Machined Parts

Size: Customized

OEM/ODM: Acceptable

Processing Method: CNC Machining, Turning, Milling, Etc.

Drawing Format: PDF, DWG, IGS, STEP, Etc.

Surface Treatment: Anodizing, Plating, Painting, Etc.

Our CNC Machined Parts are computer-controlled machining parts that are customizable to your specific size requirements. We accept both OEM and ODM orders and use various processing methods such as CNC machining, turning, and milling to create high-quality CNC-machined components. We can work with a variety of drawing formats including PDF, DWG, IGS, and STEP. Additionally, we offer surface treatment options such as anodizing, plating, and painting to provide a finished product that meets your exact specifications.

Technical Parameters:

Packaging:	Standard Export Carton Or Customized
Tolerance:	$\pm 0.01\text{mm}$
Delivery Method:	DHL, FedEx, UPS, Etc.
Processing Method:	CNC Machining, Turning, Milling, Etc.
Size:	Customized
Material:	Aluminum, Steel, Brass, Etc.
OEM/ODM:	Acceptable
Application:	Automotive, Aerospace, Medical, Etc.
Quality Control:	100% Inspection Before Shipment
Surface Treatment:	Anodizing, Plating, Painting, Etc.

Applications:

Yuanwenyu is a reputable brand that specializes in the production of CNC-machined components. Our products are designed to meet the needs of various industries, and we offer different models such as 1X893 and OEM. Our products are made in Guangdong, China, and have been certified to meet international standards.

Our CNC-machined components are suitable for various applications in different industries. They can be used in the automotive industry to manufacture engine parts, chassis, and suspension components. These components are also useful in the aerospace industry to manufacture structural components, engine parts, and landing gear. Our products are also used in the medical industry to manufacture implants, surgical instruments, and diagnostic equipment.

Our computer-controlled machining parts are suitable for various scenarios. They are used in the manufacturing industry to produce complex parts that are difficult to manufacture using conventional machining methods. Our products are also used in the electronics industry to manufacture components for electronic devices such as smartphones, laptops, and tablets. Our CNC-machined components are also used in the defense industry to manufacture military-grade equipment.

We provide our customers with high-quality CNC-machined components at an affordable price. Our products range from \$2.35 to \$12.68 per piece, and we offer a minimum order quantity of 50 pieces. Our products are packaged with EPE foam, anti-rust paper, stretch film, and plastic bags before being placed in cartons for shipping. We offer fast delivery times, and our products can be shipped using DHL, FedEx, UPS, and other delivery methods.

At Yuanwenyu, we believe in providing our customers with quality products. We subject all our products to 100% inspection before shipping to ensure that they meet our customers' requirements. We also offer surface treatments such as anodizing, plating, and painting to meet our customers' specifications. Our products are packaged in standard export cartons, but we can also customize the packaging to meet our customers' needs.

Our products are durable and reliable, and we can supply up to 1000000 pieces per month. We offer a minimum order quantity of 10 pieces, and we accept different payment methods to make it easy for our customers to make payments. Our products are suitable for various applications in different industries, and we are committed to providing our customers with quality products and excellent customer

service.

Customization:

Our yuanwenyu product line offers precision machined parts to meet your exact specifications. Our numerically-controlled machining parts are produced using the latest computer-aided manufacturing parts technology.

The model number for our CNC machined parts is 1X893, OEM. Our parts are manufactured in Guangdong, China and come with certification. The minimum order quantity is 50 pieces and the price ranges from \$2.35 - \$12.68 per piece.

To ensure safe delivery, our CNC machined parts are packaged with EPE foam, anti-rust paper, stretch film, and plastic bag +carton. Our delivery time is 1 day and we accept various payment terms.

We have the ability to supply up to 1,000,000 pieces per month and offer delivery methods through DHL, FedEx, UPS, and more. Our CNC machined parts are surface treated using anodizing, plating, painting, and other methods.

Our lead time for production is 7-15 days and our tolerance is ± 0.01 mm. The MOQ for our CNC machined parts is 10 pieces.

Support and Services:

Our CNC Machined Parts are made to the highest standards of quality and precision. We offer technical support and services to ensure that our customers are fully satisfied with their purchase.

Our technical support team is available to answer any questions you may have about the product, including installation, maintenance, and troubleshooting. Additionally, we offer repair and replacement services for any parts that may need to be replaced due to normal wear and tear or accidental damage.

We also offer customization services for customers who require specific modifications to the CNC Machined Parts to meet their unique needs and specifications. Our team of experienced engineers and technicians will work closely with you to develop a customized solution that meets your exact requirements.

Packing and Shipping:

Product Packaging:

All CNC machined parts are individually packed in plastic or bubble wrap to prevent damage during transportation.

Each part is labeled with its corresponding part number and quantity for easy identification.

All parts are then placed in a sturdy cardboard box and sealed with tape.

Product Shipping:

We ship our CNC machined parts via reliable and trusted carriers such as DHL, FedEx, and UPS.

Shipping costs vary depending on the size and weight of the order as well as the destination.

We provide tracking information for all orders so that customers can track their shipments in real-time.

Orders are shipped within 2-3 business days after payment is received.

FAQ:

Q1: What is the brand name of the CNC Machined Parts?

A1: The brand name of the CNC Machined Parts is yuanwenyu.

Q2: What is the minimum order quantity of the CNC Machined Parts?

A2: The minimum order quantity of the CNC Machined Parts is 50 pieces.

Q3: What is the packaging detail of the CNC Machined Parts?

A3: The packaging detail of the CNC Machined Parts includes EPE foam, Anti-Rust Paper, Stretch Film, Plastic bag +Carton.

Q4: What is the delivery time for the CNC Machined Parts?

A4: The delivery time for the CNC Machined Parts is 1 day.

Q5: What is the supply ability of the CNC Machined Parts?

A5: The supply ability of the CNC Machined Parts is 1000000 Piece/Pieces per Month.

Note: Please contact us for further information about Certification and Payment Terms.
